

An Easy Alternative to Shrink Wrapping!

- High clarity – as clear as glass cello-style bags
- Meets FDA specifications for direct food contact
- Peel off strip. Fold with ease. No heat sealing needed!
- Archival safe
- Resists moisture and grease

Polypropylene Resealable Bags protect products from dirt and moisture damage. Using these bags, one may quickly package products with the self-adhesive strip, which will not wear out. Speed up production; peel the strip in one easy motion, then fold and seal. Bags are pre-sized and pre-cut to fit CD, DVD, and VHS cases. Many other sizes are available for cards, photos, prints, posters, comics, etc.

More Details:

Characterized by high clarity, these bags are acid-free with no harmful plasticizers used in production. Our BOPP resealable bags are also chemically non-aggressive which makes them more suitable for long term archiving. Bio-orienting gives the bags breathing properties so they will not ripple, damage or pucker as time goes on.

All bags have an allowance of 0.125" for bags less than 10" and 0.25" for bags larger than 10". The lips range from 1.2" to 3.0". Resealable bags are a heavy duty 1.6mil thick.
